

# VISAVI LivePlan – Your Digital Coordination Arena

DigiDecom Workshop, June 18th 2019, Halden

# LivePlan visualizes data from «silos» on one surface

# What is LivePlan?

# How is LivePlan used?

## Walk-up display

The easiest way for anyone in the organization to update their situation awareness and fetch details on specific activities.

## Recurrent meetings

With its live updates and comprehensive overview, LivePlan is very well suited for recurrent meetings such as daily status meetings.

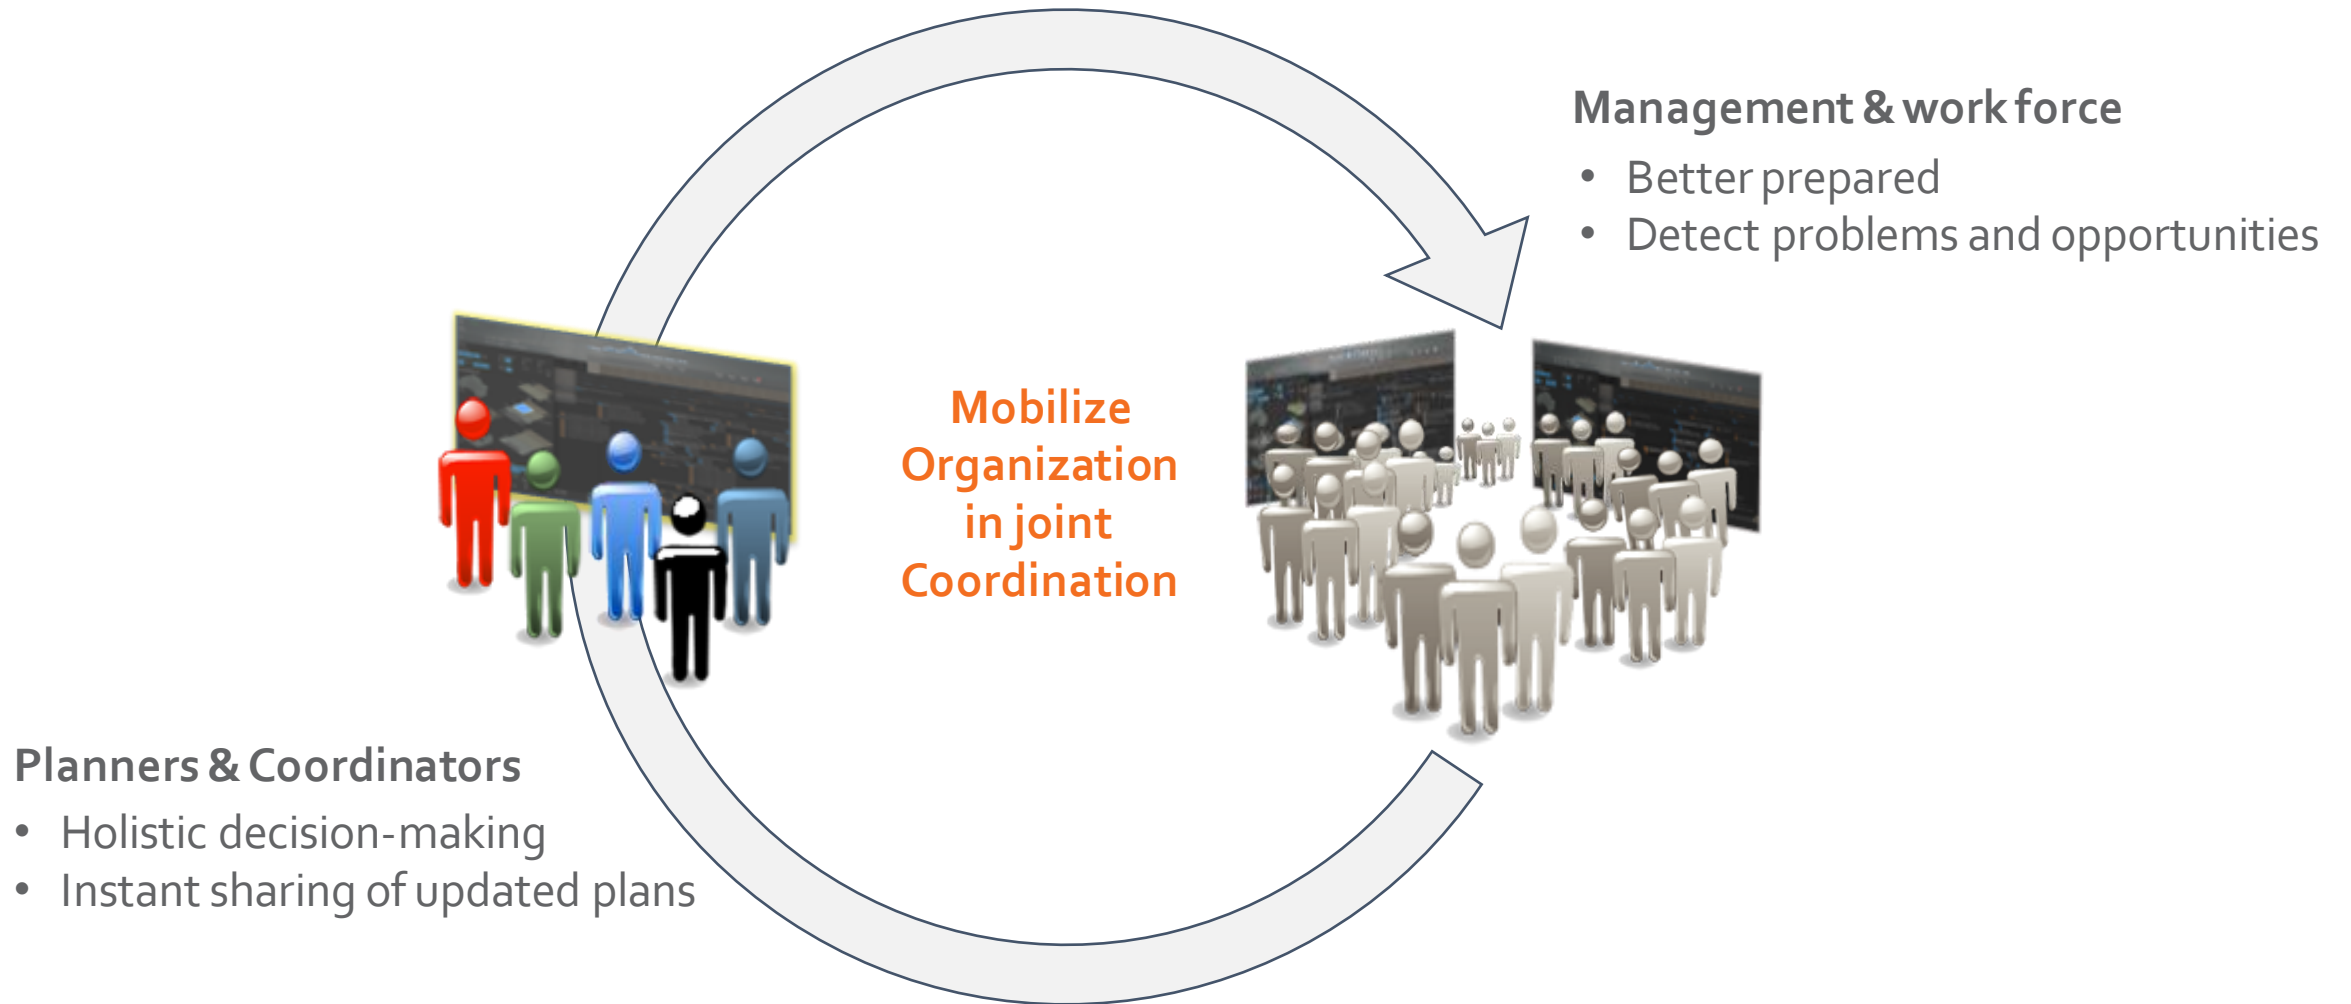

## Ad hoc meetings

When there is a sudden need for replanning, LivePlan is the ideal arena for a team to quickly come together and come up with a new plan
