

Call for Papers – 1st International Conference on Digital Sovereignty (ICDS – 2024) 28-30 November 2024, Oslo, Norway.

It is with great pleasure to welcome you to the First International Conference on Digital Sovereignty (ICDS – 2024), which will be organized by the Institute for Energy Technology (IFE).

This conference will bring together leading experts from industry and academia to share insights, present groundbreaking research, and discuss innovative solutions for maintaining digital sovereignty in an era of unprecedented technological change. Attendees will benefit from diverse presentations and input from cutting-edge academic research that addresses the latest challenges and opportunities in this field and from industry leaders who are at the forefront of implementing digital sovereignty strategies.

The conference proceedings will be published in Elsevier Procedia Computer Science (Pending Approval).

SCOPE

We have four tracks in ICDS – 2024. Papers in any of these areas, especially with the following keywords covering and related to Digital Sovereignty, are welcome to be submitted.

Keywords: *Artificial Intelligence, Computational Intelligence, Cybersecurity, Digital Trust, Trustworthiness, Human-Centric AI, Human-AI Teams, Sovereignty, Internet of Things, Sustainable Development Goals, Artificial Intelligence of Things, Sustainability, Big Data, Data Analytics, Machine Learning, Deep Learning, Intelligent Systems, Cloud Computing, Edge Computing, Blockchain, Digital Autonomy, Federated Systems, Resilience.*

- **Track 1:** Human-Centric Digital Sovereignty
- **Track 2:** Industry and Innovation Impact
- **Track 3:** Digital Ecosystems and Governance
- **Track 4:** National Digital Sovereignty and Societal Impact

You can find the details of the tracks here: <https://ife.no/ICDS2024>

ICDS – 2024 is now in the process of soliciting submissions of original and innovative papers. Prospective authors are invited to submit papers in any of the above-mentioned core or related areas. The submitted papers must not have been previously published or accepted for publication elsewhere and must not have been submitted to any other conferences before and during the ICDS—2024 review process. Authors should consult Elsevier Procedia authors' guidelines and use their proceedings templates, either for LaTeX or for MSWord for the preparation of their papers.

The Conference will feature keynote speeches by internationally renowned experts.
