

MANAGEMENT SYSTEM CERTIFICATE

Certificate no.:
99372-2011-AE-NOR-NA

Initial certification date:
24 June 2011

Valid:
25 June 2026 – 30 April 2029

This is to certify that the management system of
Institutt for energiteknikk
Instituttveien 18, 2007 Kjeller, Norway
and the sites as mentioned in the appendix accompanying this certificate

has been found to conform to the Environmental Management System standard:
ISO 14001:2015

This certificate is valid for the following scope:

Research activities within materials, raw materials, energy systems, offshore technology, nuclear technology, and digital systems, as well as the interaction between humans, technology, and organization to ensure the safe operation of complex industrial processes and nuclear facilities.

Development of new technologies and solutions within energy production, societal security, and environmental technology.

Delivery of services and products related to sample analysis, sensors, electron beam welding, precision mechanics, and other welding services.

Development and administration of IFE's research park at Kjeller and in Halden, including facilitation of research activities as well as operation of facilities and infrastructure.

Place and date:
Høvik, 12 June 2026

For the issuing office:
DNV - Business Assurance
Veritasveien 1, 1363 Høvik, Norway

Jøran Laukholm
Management Representative
